4. About NPS (Net Promoter Score)

NPS is very severe index. Japanese people tend to score moderate points.

Measure NPS question is "How likely are you to recommend this service to your friends and colleagues?"

Answer in 11-point scale (from 0 to 10).

0-6:-100, 7-8:0, 9-10:+100

(It is related to the NPS ranking, which is described in the Rewards page.) **

NPS will only be calculated for those who were able to participate in the tour.
